Diploma in Information & Communication Technology with a specialism in Software Engineering
Asia Pacific University
2020-2022
CGPA: 3.89

SKILLS

TECHNICAL SKILLS

Product & Project Tools:

Jira, Confluence, Trello, Linear

Data & Analysis:

SQL, Python, R

Technical Fundamentals:

Full-Stack Concepts, API

Integrations, HTML/CSS/JS

EXPERIENCE

BUSINESS ANALYST

SOFT SPACE SDN BHD | October 2024 - Present

- Enterprise AI Strategy & Workflow Automation:** Drove internal AI adoption alongside the Chief level by mapping and automating critical business analysis processes. Established prompt-driven workflows for rapid BRD formulation and architectural diagramming.
- Collaborative Solution Design:** Collaborates closely with client-side Business Analysts to review business goals and co-design technical solutions, acting as a trusted advisor to ensure proposed features are feasible, scalable, and user-centric before development begins.
- Concurrent Portfolio Management:** Simultaneously manages the full SDLC for multiple ongoing enhancements and upcoming features for a Digital Wallet Super-App, balancing resource allocation between maintaining live operations and building new functionalities.
- End-to-End Delivery & Quality:** Translates high-level Business Requirement Documents (BRD) into detailed Functional Specification Documents (FSD) and wireframes, while leading User Acceptance Testing (UAT) to ensure zero-defect delivery.

Cloud Platforms:

AWS, Microsoft Azure, Google

Cloud Platform (GCP)

Collaboration & Design Tools:

Postman, Miro, Figma, Canva

AI & Automation:

Multi-Agent AI Frameworks,

Model Context Protocol (MCP),

AI Workflow Automation

PRODUCT DEVELOPMENT INTERN

MONEYMATCH SDN BHD | July - November 2023

- **Agile Process Optimization:** Co-facilitated Scrum ceremonies and streamlined project tracking by implementing Jira automations and custom dashboards, improving team visibility and velocity.
- **Product Operations:** Partnered with the Product Owner to execute backlog grooming, draft technical user stories, and perform QA testing to ensure seamless feature delivery.

IT DEVELOPER INTERN

JUSTSIMPLE (M) SDN BHD | May - August 2022

- **Full-Stack Development:** Developed and maintained responsive e-commerce websites, managing both frontend design (HTML/CSS) and backend logic to deliver robust client solutions.
- **Client Requirement Management:** Collaborated directly with external clients to translate business goals into technical requirements, ensuring accurate project scoping and timely delivery.

ACHIEVEMENTS

GRAND CHAMPION (TEAM LEAD)

HILTI IT COMPETITION | 2024

Led a team of 5 to design an AI- and data analytics-driven sustainable talent acquisition platform, translating Hilti's business requirements into a viable product solution and winning the competition by delivering clear stakeholder value.

TOP 10 FINALIST – CORPORATE TRACK

Great AI Hackathon | 2025

Led a cross-functional team of 5 to build an AI-driven, privacy-first time tracking system that analyzes desktop activity metadata (without screen capture or recording) and automatically logs work against Jira, Asana, and other PM tools via Google Calendar and Outlook integration.

4TH PLACEMENT (TEAM LEAD)

Petronas CHESS Symposium | 2023

Led a team of 2 to propose the Petronas Integrated Exploratory System (PIES), an AI-driven solution to optimize upstream operations, ranking 4th among undergraduate and postgraduate teams.
